

4D STRATEGIC CONSULTING LIMITED COOKIE POLICY

Cookies are small pieces of data stored on a site visitor's browser, usually used to keep track of their movements and actions on a site.

In accordance with the GDPR, we must inform our site visitors that you are using cookies on your site. This can be done by adding a section on your site's cookies in your privacy policy. Make sure to include details on the types of cookies your site uses.

There are two types of cookies gathered on our website:

Session (Transient) cookies: These cookies are erased when you close your browser, and do not collect information from your computer. They typically store information in the form of a session identification that does not personally identify the user.

Persistent (Permanent or Stored) cookies: These cookies are stored on your hard drive until they expire (i.e. they are based on a set expiration date) or until you delete them. These cookies are used to collect identifying information about the user, such as Web surfing behaviour or user preferences for a specific site.

Third-party services, such as Google Analytics or other applications offered through the website, may have their own policies regarding how they collect and store information. As these are external services, such practices are not covered by the 4D Strategic Consulting Limited Privacy Policy.
